

AT HOME.
Washington Post.—Mr. Van Alen will be much at home while at court—lawn tennis court.

THE ONLY THING NOT CHEAP.
St. Louis Globe-Democrat.—The only price raised by the present Administration is that of foreign missions.

TIED WOMEN.
Arkansas Globe.—A girl who has been engaged a number of years always looks like a woman who has been married that long.

THE REWARD OF HEREBY.
Washington Post.—Professor Briggs is a drawing card, while the names of his prosecutors have been forgotten by the public.

A KANSAS VIEW.
Kansas City Journal.—As American Minister to Italy Mr. Van Alen will no doubt represent the English nobility to the best of his limited capacity.

ADVISE TO WHEELS.
Florida Times-Union.—A Covington, Ky., man was made crazy by one ride on the Ferris wheel. He wouldn't make a very good bicyclist, would he?

NOT DAMAGED.
Washington Post.—The New York Reform Club has been robbed of a goodly sum of money, but the nerve vaults of that organization are still full to overflowing.

MILLIONS MORE WOMEN THAN MEN.
Louisville Courier-Journal.—The continent of Europe contains 4,000,000 more women than men. The female sex predominates most strongly in Portugal and Norway.

A SUGGESTION.
Kansas City Journal.—By a vigorous cutting down of the pension rolls the Administration may provide means with which to refund the sixty odd millions of cotton tax.

A DESPERATE YEAR.
Washington Post.—It is said that the Brooklyn Democratic machine has decided to nominate Mayor Boody. This appears to be a great year for desperate political chances in New York.

TROUBLE IN MISSOURI.
St. Louis Globe-Democrat.—It is easier to rebuke the profanity of the expression so frequently heard in these days, "that d-d old state," than to find a fitting substitute for it within the limits of decorous language.

MATrimonIAL STATISTICS.
Arkansas Globe.—Of ten marriage engagements the writer knows of eight were broken by the men. The remaining two ended in marriage, but not until after a number of postponements by the men.

TRABSON.
Harford Courant.—It is reported that Mr. Cleveland and Mr. Gresham are now going to ask Hayti to sell us the Mole St. Nicholas for a cooling station. Is this Democratic? Was there anything said about the Mole St. Nicholas in the Chicago platform?

OF COURSE NOT.
Boston Herald.—Governor Altgeld's wealth is estimated all the way from \$1,000,000 to \$5,000,000. He made his money in Chicago real estate, but he has never carried his socialistic views to the extent of proposing to distribute his wealth among the people.

THE BANK WAS NOT "BUSTED."
Minneapolis Journal.—An Arizona bank cashier nailed to the door the legend: "This bank has not failed. It owes the people \$35,000; the people owe it \$35,000; it is the people who are busted; when they pay, we'll pay." Now let the assignees of the people of Arizona get together.

A CREEPY DISPUTE.
Philadelphia Press.—There is an international dispute between the Canadian and United States Commissioners over the location of the "Cave of the Winds" at Niagara Falls. These Commissioners do not know what they are squabbling about. The only cave of the winds of which this country has official knowledge is for the present location in Washington.

BUSINESS SENSE IN BUYING SILVER.
Philadelphia Record.—Secretary Carle's reason for not purchasing 9,000,000 ounces of silver in July and August, in conformity with the terms of the Sherman Act, was very short and satisfactory. He did not buy 9,000,000 ounces in six months because he was not offered that quantity at the market price. This may not suit the speculators, but everybody else will justify the action of the Secretary.

PHISTER—WADSWORTH.

BRILLIANT CHURCH WEDDING THIS MORNING.

Hon. Thomas R. Phister and Miss Lucy Wadsworth Happily Married at the Church of Nativity.

At the Church of the Nativity at 9 o'clock this morning occurred the marriage of Hon. Thomas R. Phister and Miss Lucy Wadsworth. Several weeks since it was known that the marriage of this prominent young couple would soon occur and their friends have been pleasantly anticipating the event.

The church was prettily decorated with evergreens, palms and tropical plants, which were profusely banked about the altar. The church was crowded with the friends of the bride and groom.

Miss Fannie Force of Newport was the maid of honor and Miss Whitaker of this city, cousin of the bride, was the attendant. The best man was Harry Backus of this city.

The ushers were Harry C. Curran and W. Henry Wadsworth, brother of the bride. The full Episcopal marriage ceremony with ring was used.

The ceremony was performed by Rev. D. D. Chappin, Pastor of the church and was very beautiful and impressive.

Phister is the son of the late Judge Elijah C. Phister. He is a graduate of the University of Virginia, and a bright and promising young man. He was elected County Clerk in 1890 and last Saturday received the nomination for a second term.

The bride is the oldest daughter of Mr. and Mrs. Adam A. Wadsworth, and is a beautiful and accomplished young lady who has many friends and admirers.

The young couple left on the train this morning for Chicago, where they will spend several days.

THE CIGARETTE SMOKER.

Or, Another Chapter of the Child's Guide to Intelligence.

See the young man. What is the young man doing? He is smoking cigarettes.

What are they? They are condemned tickets to the great hereafter.

What is the great hereafter? Eternal bliss or infernal bliss, as the case may be.

Anybody's case. This young man's case. Most likely.

Why does he smoke cigarettes? Cigarettes would make his head swim.

Why? Because his brain isn't large enough to stand a first-hand smoke.

Are cigarettes second-hand smokes? Yes, but it would kill the cow.

What will happen if he keeps on smoking them? He will notice his loss of money.

NEW TARIFA.

A Bill Will Be Reported to Congress in November.

Before the Christmas holidays, and the probabilities are that it will become a law during the latter part of February or early in March.

THE House Will Probably Pass the Measure Over to the Senate.

WASHINGTON, Oct. 10.—Chairman Wilson, of the ways and means committee, in response to a question as to the progress, being made on the new tariff bill, said Monday afternoon: "We are making very fair progress, although we have not got so far as to consider phreology. It may not be possible for us to complete the bill by November 1, but I hope that if it is not finished then it will be within a very few days thereafter." Other members of the committee who were seen Monday were even more confident of the early completion of the measure, in which so much interest is felt. They agreed in the belief that it would be ready to submit to the committee by the 1st and 10th of next month, and that it would be reported to the house and placed on the calendar by the 10th pro.

If this programme is carried out, it will be possible for the house to complete consideration of the bill and send it to the senate before the Christmas holidays. The probabilities, therefore, are that the measure will become a law during the latter part of February or early in March, 1894.

"Nothing can be said as to the revenue line upon which the bill is to be drawn," said Mr. Wilson.

Monday. "As the matter now stands, without touching any of the items of the present law, we are confronted by a deficit of at least fifty million dollars. The probabilities are that the changes we will make in the schedule will result in a surplus of at least \$100,000,000. Add to that the new articles to be placed on the free list and which thus lose their revenue producing power, and the deficit is found out the total we shall know whether it will be necessary to place a tax on sugar or incomes, or to increase the duties on spirits. You will see, therefore, that it is absolutely impossible for the committee to determine what shall be done with the revenue of the tariff until after the schedules in the main bill have been absolutely determined upon and the revenue to be derived from them calculated as closely as possible. I think it is highly probable that that wood will be placed on the free list and the sugar bounty repealed, and the duties will about balance each other."

Bank Robbers Captured.

WAPACIA, Wis., Oct. 10.—The three men who robbed the bank at Halsted, Minn., on September 29, have at last been captured near this city. Two were captured, but the third escaped and Sheriff Williams is still after him.

Cashier Eckersley is here and positively identified one of the men. This man was wounded, and the bullet taken from his leg corresponded with those used in the revolver which Mr. Eckersley fired at them while they were making their escape from the bank. Officers are confident that they will bring in a third.

**The Anniversary of Chicago's Great Fair
Celebrated in a Way Never to Be For-
gotten—They Came by Steam Cars,
Street Cars, Steamboats, Etc.**

Never in the history of the fair were so many people together here as Monday. From early morning the crowd poured in from all directions. The full force of men were stationed at the gates and thousands of the Chicago day crowd lined up at every entrance. Next to impossible to gain admission, so dense was the crowd. It was the same story at most of the other gates. The people were crowded into the hallways and were compelled to sleep in stairways, restaurants and hotel offices Sunday night, as the city was completely filled. Rooms were kept open in the hotels and a campfire. Trolleys and cars were deposited downtown and in the exposition district Monday morning. All had the same object in view, to get to the fair as early as possible. The administration was useless. Kindly about half of the visitors had secure entrance tickets beforehand.
